

“

A family bike ride ended in a broken clavicle for our son. I can't say enough good about our visit to the ER. Everyone was so great – caring, friendly, gentle, kind to Tripp, kind to me. It made what was a traumatic experience manageable for all of us. We are so grateful to the entire staff – the nurses, doctors and even the woman who met us at the front door to check us in.

& Aquinnah Police Officer
Vineyard Haven, MA Residents

“

We considered all options before deciding to have our baby at a rural hospital. Throughout my appointments and stay at MVH, I received personalized care that went far beyond a clinical protocol. As new parents, we left the hospital with confidence and a wealth of community resources. With future thoughts of expanding our family, MVH will be our choice without hesitation.

“

I've had the good fortune of only needing the hospital to give birth to my kids. Now I add chemo to that list. Thanks to Dr. Pil at MVH and the wonderful MGH team, I was able to undergo coordinated cancer treatments on the island and in Boston which literally saved my life.

”

LINDA ROSE

Retired MV Public Schools Cafeteria Manager
Vineyard Haven, MA Resident

Together we support one another.

The Annual Fund provides essential financial support to sustain all clinical areas, as well as diagnostic testing, medical equipment and facility enhancements.
